The carriage of certain hazardous materials like aerosols, fireworks and inflammable liquids aboard the aircraft is forbidden. Personal motorised vehicles such as hoverboards, mini-Segways and smart or self-balancing wheels, are also forbidden on flights as they contain large lithium batteries. For safety reasons, airlines can't accept these as part of checked-in baggage or as hand luggage. If you do not understand this restriction, further information may be obtained from your airline.

All countries worldwide have a very strict, zero-tolerance, anti-drugs policy. All airports conduct thorough searches using highly sensitive equipment. Possession of any amounts of illegal drugs by travellers entering or transiting through any country will be subject to punishment.
